RE: Extension of Time to Complete Transfer No. 74921 (Telford Lands, LLC)

Dear Mr. Harris:

In January 2010, you filed a Request for Extension of Time to Complete Transfer 74921 on behalf of Telford Lands. Transfer 74921 was approved on January 14, 2009. According to the Request, Mr. Telford ran into some easement issues when he attempted to construct the additional well approved by Transfer No. 74821 and the associated mainline. These easement issues prevented Mr. Telford from completing the well as planned. The circumstances surrounding the new well were confirmed in the testimony offered by Mr. Telford as part of the recent hearing for Transfer 76286.

Thank you for following-up on the Request. Shortly after the Request was received, it was added to the water right file for 34-2330B, without being scanned, and without an official department action. Because of Mr. Telford's situation, the Request has been approved, giving Mr. Telford an additional two and a half years to work out an easement arrangement or pursue some other mechanism to convey water from the well to the ditch.

As part of your Request, you included a check for \$50.00 (Receipt No. E035548). I have asked Sharla Cox to initiate a refund of that fee. The Request for Extension of Time to Complete Transfer is not mandated by statute and therefore does not carry a fee. It is a mechanism employed by the department for tracking transfers and for notifying the public, by posting a request to the water right file, that there are problems in completing a transfer.

I apologize for the delay in approving your Request and for the delay in issuing a refund of the mistaken fee. Please call if you have any questions.

Sincerely,
