Subject: Application for Permit-- #63-33505 Water Right

Mr. O'Neil:

Our office has begun processing your application received on April 25th. Before we can make public notice of the application, we need to have the approx. water bearing zone of the purposed 500 ft well.

Our well reports in the local area appear to be about 300 ft depth max with Water bearing zones around 200 to 300 ft. roughly.

A rough estimate is fine: Water bearing zone_____ to 500 ft.

Feel free to call me if you desire to discuss.

Thank you

John Westra, Manager Western Regional Office
