Re: Transfer No. 76572 / Water Right 37-22536 and Permit 37-22539
(Rod Rinker)

Dear Allen:

The above-referenced transfer was approved on August 30, 2010 for the purposes of mitigating for evaporative losses under permit 37-22539. Although the proof date on the permit is September 1, 2015, the transfer approval contains the standard condition that "The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval." The applicant is working toward planning and implementing the pond system authorized by the permit, but wishes to notify the Department that the changes authorized by the transfer cannot be accomplished until the development authorized by the permit is complete.

Cordially,

Charles G. Brockway, P.E.
