Re: Change of Ownership for Water Right/Permit No(s): 78-4283

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Please note that water right numbers 78-208A and 78-10048 were not changed. A letter was sent from this Department on May 16, 2011 requesting additional deeds to include these water rights. The deed you provided did not include land that these rights cover. The ownership of 78-4283 has been changed. The Department will keep a copy of the Notice of Change of Water Ownership if you decide to file on water rights 78-208A and 78-10048.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

Thank you for your patience and cooperation. If you have any questions concerning the enclosed information, please feel free to contact this office.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".
