RE: Your Property Located In The SW/SW Sec. 11 T. 7S R. 17E, Jerome County (The old Sauer Place)

Dear Mr. Aardema;

This letter is being written per your request in order to satisfy P & Z requirements for your proposed dairy expansion project. Dustin Olsen of AgTec Engineering stated that you currently milk about 700 cows, and that you plan to increase this to up to 1160 cows.

Data supplied by Dustin indicates that the total proposed water use on your property will exceed what the existing water rights for this facility allow, so an additional water right is required. To this end, Application For Transfer 74896 has been filed to provide the necessary water. The application will be processed as time allows.

If I can be of further assistance, feel free to contact me.

Regards,

James E. Stanton
Sr. Water Resource Agent
