Dear Mr. Skinner:

Webb Brothers Land & Livestock, LLC, by member Todd Webb, has submitted for review to Northwest Farm Credit Services, a signed copy of an application for transfer of water rights under Idaho Department of Water Resources Transfer # 77314. It is our understanding that the transfer application needs consent from all mortgage holders who have liens on the ground associated with the points of diversion and use. In review of the application, the transfer is to update the existing water rights showing the points of use for water delivered for stockwater, commercial and dairy use supplied by 5 separate wells. The application as presented does not hinder Farm Credit's lien position. Northwest Farm Credit Services, who holds the underlying land Mortgage under Transfer #77314, does not object and gives full consent to pursue the completion of the application for transfer.

Should there be any additional questions or concerns, please give me a call.

Sincerely,

Robert E. Blakeslee
Relationship Manager
