Craig,

This is an Application for Permit, so I am forwarding to you for final processing.
I will bring the files also.

Pam

Pam,

In your in-basket is the Whittaker file folders no. 74-15613. Gary issued a Final Order in May which two of the parties filed petitions for reconsideration. Monday Gary issued an Order Denying the Petitions for Reconsideration. As I understand Gary Order Denying the Petitions the parties have 28 days (July 12) to file an appeal with the District Court, but the Order Gary issued Monday does not delay us from approving and issuing the permit.

So, if you agree go ahead with permit review. I've attached a word version of the Final Order for preparation of the permit.

The files are barcoded to you for assignment of the permit prep. The documents referred to in this email have been scanned and sent to Danni for adding to Powerdocs.

Let me know if you have any questions.

Debbie
