Two wells are existing and at least 1 more well will be drilled.

Hi Lori:

As you know, we get lots of Thornton apps for this and that. We will probably advertise most/all of them, at least if any well drilling is proposed. These 2 have not been assigned to anyone yet. Are all the wells in these 2 apps existing or are some to be drilled?

If drilling, probably will be a few months before start processing. If no drilling, maybe can process without ads much sooner. Please let me know.

Steve

Steve,

Our client is trying to plan for the 2011 irrigation season. Can you please give me a ballpark figure as to when the above amendment applications may be processed. They were submitted February 14 and 21 proposing POD changes. I was wondering if they qualified for the Department's fast track processing that did not require advertising.

Thanks Steve. Have a great weekend.
