Re: Water Right Permit #15-7267
Juli Gleed

Hi:

Enclosed find a copy of a letter from Debra Gibson, dated 16 June 2008. Since this letter the field test has been completed (in June, 2008). Denice Kidman and an assistant performed the field examination. Their comment was that everything looked ok. I expected everything to be completed soon after that.

In October of that same year my father, Farrell Atkinson, talked with Ryan to find out what the status was. He said they were working on it.

My dad again called Dave on 26 March 2009, and again on 7 May 2010 he talked with Dave. They each told him not to worry about it. Their department had lost a lot of employees and they were swamped. They were behind on those types of assignments.

I am writing this letter because I am concerned about not having a license issued to this date. We have spent thousands of dollars on this project. Should I be concerned? Is everything okay?

Will you please let me know when you have time?

Thank you.

Juli A. Gleed

PROOF ACKNOWLEDGEMENT LETTER

Re: Permit No. 15-7267

Dear Permit Holder:

The department acknowledges receipt of the Proof of Beneficial Use ("proof") and the documentation you provided the department for reinstatement of this permit. Because proof was submitted on June 4, 2008, which is more than 60-days after the lapse notice, an order was issued that reinstates the permit and advances the priority date according to Section 42-218a(2), Idaho Code. Enclosed is a copy of that order and the proof you submitted.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. This field examination is required to verify the extent of the irrigation you had completed by January 1, 2008. If you have questions concerning the field examination, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. If you decide to file a change in address or in the future you need forms to file a change of ownership, these forms are available from any department office or from our website: www.idwr.idaho.gov

Sincerely,

Deborah J. Gibson
