The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE of \$50.00** to be included with this form when filed with IDWR.

Permit No. 15-7299 Date Proof is Due: June 1, 2011
Name(s) of Permit Holder: City of Malad
Address: 59 Bannock Street City Malad State ID Zip 83252
Telephone No. 208-766-4160 Email: maladcity@hotmail.com

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

Approval from IDEQ to equip the well has been received. Consequently, the
well has been equipped with a pump/motor and the well house has now been
constructed and favorable bacteriological testing results received. The
S.C.A.D.A. system has also been completed.

Costing \$ _____

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Upon initial startup, the pump became sand locked. The pump and motor were
removed and further development work was performed on the well. The pump was
then reinstalled. These efforts delayed the City's ability to put the water
to beneficial use.

Permit holder(s) request an extension to June 1, 2013.
