Monica –

I was able to track down a contact for The Mill Sites. I hope to hear back from him as all I have is an email. I will let you know what I hear and may give him your number to work directly with you.

Thanks again,
Scott

Hello Monica,

Our file indicates Sandy Hemenway acknowledged an ownership change on 95-4597 in a November 6, 2008 letter, but I don't find anything in our file indicating an ownership change for The Mill Sites.

Regarding entry into the bank, I should defer to the owners. I understand Jeff Fereday may be working for them is thereby copied on this message.

Sincerely,

Scott

Hi Scott,

I'm hoping you can help me with these. It looks like we got applications to lease all of 95-4597 and 95-8262 to the Water Supply Bank on April 9, 2009. According to your notes in the application, they should have been accompanied by change of ownership documentation for Stimson to Mill Sites for 6% of the rights. I don't see c/o documents from Stimson to Mill Sites.

Do you still want these in the Bank? Do you just want to file claims in the Northern Idaho Adjudication? What do you want me to do about ownership? Thanks!

Monica
