**Re: Notice of Change of Water Right Ownership for Water Right Nos. 25-14326
and 25-14327.**

Dear Joni:

Enclosed for processing, please find a *Notice of Change of Water Right Ownership* for Water Right Nos. 25-14326 and 25-14327 in the name of Falls Water Co., Inc. The water rights are currently in the name of Idaho Water Company LLC, and these new water rights are the result of a previously filed water rights transfer to move the water rights to the service area of Falls Water Co., Inc. This is the final step in the process of moving these water rights to Falls Water's service area.

We have enclosed a recorded Special Warranty Deed for Water Rights for these particular water rights, which was recorded just a few days ago. Additionally, you will note on the enclosed water right report that Water Right No. 25-14326 has a listed security interest on the water right held by Ridgeway Holdings LLC. Ridgeway Holdings agreed to execute a partial release for this water right, as well as for Water Right No. 25-14327, even though Ridgeway is not listed on that water right report as having a security interest for this water right. The bottom line is that the partial release was executed in order to finalize these water right transactions, and therefore, there is no need to obtain the consent of Ridgeway Holdings for this ownership change or to otherwise contact them.

We have not included a map of the service area of Falls Water, but note that in reviewing data on the Department's website, there is a GIS zip file under the related documents portion of the water right reports of the above referenced water rights. If you believe a map is necessary, please let us know and we can prepare one. However, with the recently approved transfer to create the above referenced water rights, it appears likely that this information is already known to the Department. Additionally, you will note that the water rights, even though they are in the name of Idaho Water Company LLC, are already appurtenant to the Falls Water service area.

Lastly, we've enclosed a filing fee of \$50.00 total to change the ownership on both water rights consistent with the form's instructions.

We appreciate your attention to this matter. If you have any questions or concerns, please let us know.

Best Regards,

Robert L. Harris
