Re: Evaluation of Sufficiency of Information Submitted

Transfer proposes changing the place of use of existing groundwater right 37-7465A by shifting acres around to allow for operation of a new pivot sprinkler system on a farm located 0.75-1.25 miles south and 0.9-1.6 miles east of the center of Dietrich. An existing well located on the same farm will be used to divert 2.67 CFS and the irrigation of 160 acres. The groundwater right is within Water District 130 and also the North Snake Groundwater District. The properties and points of diversions involved with the application are located inside of the ESPA. In addition the point of diversion is not being changed, it is recommended no advertisement.

Note, the portion of water being moved is currently in the Water Bank.

- **Authority to File:**

The applicant is listed as the current owner of the right 37-7465A according to IDWR records.

- **Water Right Validity:**

Water right 37-7465A was licensed on 5/24/1990. The portion of water being moved has been in the Water Bank since 11/26/2008.
