RE: Change in Ownership of Water Right No. 45-10094

Dear Mr. & Mrs. Bettencourt:

On September 25, 2006, the Department of Water Resources received the notice of change in water right ownership for the above listed water right. The department then sent two requests in 2007 for further information. One request was responded to but the information submitted was not sufficient evidence that the property located in the SESW of T11S, R19E, Sec. 23 was conveyed to you. As of this date, no further documentation has been received. I've enclosed copies of the previous two letters.

As stated before in the previous letter, the department cannot process the ownership change without the proper documentation. Please submit a copy of the deed or legal document which conveyed the property to you. We will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days, we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
