Re: Permit No. 27-7582

To Whom It May Concern:

This letter is simply to document that we have completed all the requirements that we are aware of to obtain our water right permit for water storage. Per instruction from Ernie Carlson in the Idaho Falls office we did not irrigate our land for the year 2010. A field examination was to be performed. I'm not sure if and when this took place, but I wanted to document this with you as we have not yet received notification that our water right permit has been granted.

We just wanted to make sure this didn't fall through the cracks after Ernie retired. I am enclosing a copy of our Proof Acknowledgement Letter and would appreciate your response.

Thank you.

Sincerely,

Louis Morales, Jr.
1577 East Wolverine Road
Firth, Idaho 83236

P.S. Ernie did
come out prior to
his retirement to
examine our pond use etc.
