Re: Canyon Estates Water Rights

Dear Nick,

As we have discussed previously, several items are required to continue processing water right nos. 11-7435 and 11-7641. Please find enclosed the following items:

1. Application for Amendment For Licensing Purposes for Water Right No. 11-7435
2. Application for Amendment of Permit of Water Right No. 11-7641
3. Change in Address form for Canyon Estates Property Owners Assn.
4. Letter from Kent Glenn of Glenn's Electric to support Well #2.

It is our understanding that the second well to be added to the Permits through the amendments has been drilled, hooked up and operating. The letter from Kent Glenn should provide sufficient evidence that the pump has been installed and the well has been in operation.

We also request that the Application for Amendment of Permit 11-7435 be withdrawn to allow the licensing process to continue. A signed form will shortly follow to authorize the withdrawal.

Please call me or email me with any questions or concerns.

Respectfully,

Kristin Moore
Water Rights Analyst
