Subject: Application for Transfer No. 76740 / Application for Permit No. 57-11794

Mr. Westra:

I am in receipt of the preliminary orders pertaining to the above-referenced applications, which constitute a portion of the application package IDWR is now processing for SV Ranch LLC.

The hydrologic issues regarding moving the Castle Creek point of diversion are significant and we have been in the process of evaluating means of addressing them. In addition, the applicant is in the process of evaluating other mitigation requirements for the permit application which may be acceptable to the Department. Please consider this letter as a Petition for Reconsideration of the orders and as a request to allow an additional 30 days in which to provide the requested information and/or analysis.

Thank you for your attention to this matter.

Cordially,
Charles G. Brockway
