RE: Notice of Change in Water Right Ownership for Water Rights 65-3336 – 65-3339

Dear Mr. and Mrs. True:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The department will need a signed copy of the warranty deed.

Also, preliminary review of the indicates that water rights 65-3336 and 65-3337 will require a split of each water right as only a portion of the places of use intersect with the property description. I have enclosed water right reports for these two water rights and a map which depicts the location of each water right and the location of the property described on the deed. If you have additional deed(s) which cover the remaining portion for each water right, please submit a copy. Otherwise, the fee to split a water right is \$100 per water right for a total of an additional \$150 due to process the ownership changes.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to call me at 208-287-4952 if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
