Monica,

I talked with Mike Standlee today and he told me to go ahead with challenging the SRBA court order concerning 36-15117. I will be working with a water attorney here in the area concerning the inconsistencies with the current partial decree. It is necessary at this time to withdraw the submitted application to lease the stockwater portion of 36-15117 to the Idaho Water Supply Bank.

Thank you for your help and efforts in this matter.

Monica,

I have attached a copy of an affidavit of use for water right 36-15117. Standlee Hay has entered into an agreement to allow Forrest Arthur to utilize water right 36-15117 to provide water to Mr. Arthur's sheep since September 15, 2001.
