RE: Notice of Change in Water Right Ownership

Dear Ms. Brower:

The Department of Water Resources is in receipt of your notice of change in ownership for water right 72-7501. After reviewing your notice and comparing it to the place of use for the water right, I found that the deed does not match the place of use. Therefore I am returning the notice to you.

You can file an application for transfer to update the ownership, change the place of use and point of diversion to the area where the water has historically been used. The fee to file a transfer is \$100. After July 1, 2011, the fee will increase significantly. I have enclosed the application for transfer and the instructions for you. You can also access the form and instructions on the department's website at www.idwr.idaho.gov. For your convenience, I have started to fill out the form for you and have enclosed the part 2A report referenced in Part 2 and an aerial map.

Since the place of use for the water right has been identified as being in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, you would have to get the concurrence from the property owners in that area. The two property owners are the Challis-Salmon Forest Service and BLM. I did contact Steve Spencer of the Forest Service. I have enclosed a copy of that email for you. His contact information is in the email. You will also need to contact BLM for a similar letter of concurrence to the transfer.

If you have any questions, you may reach me at 208-287-4952.

Sincerely,

Emalee Rushing
Office Services Supervisor
