March 3, 2011

Mr. Jordan:

Grant Duncan has requested the water rights be restored to his property which is across the Salmon River Road from Booker's Retreat. Both properties were owned by Mr. John Booker. The existing line which was used in the past is still there and I have no objection to Mr. Duncan reconnecting to the existing line so as to irrigate his property. The line still goes under the Salmon River Road and was his source of irrigation water in the past.

The point of diversion also already exists with Forest Service approval. The water would come down the same line as Bookers Retreat. The water line has been used for years and was also used by Mr, Duncan until Mr. Booker severed it years ago after a verbal dispute with Mr. Duncan.

If you have further question feel free to contact me.

Sincerely

Dan Rufe, Booker's Retreat
