RE: Amendments of Permits for Lavar Thornton

Dear Lori:

We are in the process of reviewing Applications for Amendment of Permit Nos. 63-12253, 63-12254 and 63-12255 and find we have issues that need to be resolved prior to further action.

Permit No. 63-12253

The place of use is partially owned by Layne and Lori Thornton. They own 54 of the 139 acres under this permit based on tax lot information. Please provide some type of documentation that shows they are in agreement with this application for amendment.

Permit No. 63-12254

This amendment appears to be in order and no further information is required.

Permit No. 63-12255

This permit was issued in the name of Thornton Lands, Ltd. We found that this corporation was dissolved in March of 1997 and Lavar Thornton was not included in the listing of officers. We also found that all of the lands identified under this permit are owned by Layne and Lori Thornton, pursuant to tax lot information. In order to proceed with the amendment of this permit we need to have ownership of the permit clarified, and something that allows Lavar Thornton to take action on this permit while the land is not under his ownership.

Please submit the requested information to allow final evaluation of the applications to be completed. You may seek additional time to provide the information by making a written request to interrupt processing for up to six months. Your response or a request for more time to seek the information must be received within the next thirty (30) days. The applications will be voided without a timely written reply. If you have any questions regarding the above, feel free to contact me.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
