ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, GARY SPACKMAN, of the Department of Water Resources hereby approve the
above Application for Amendment for Permit No. 72-07573 with the following:

CONDITIONS OF APPROVAL

1. Industrial use is associated with the mining and milling of molybdenum ore.
2. The right holder shall comply with any bonding requirements for matters administered by the Department of Water Resources that are applicable to the use of water under this right.
3. The right holder shall make full beneficial use of all surface water rights available to the right holder for the industrial use authorized under this right. The right holder shall rely on surface water, to the extent it is available, before making a call for ground water against junior appropriators.
4. After specific notification by the department, the right holder shall install a suitable measuring device or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.
5. The following rights are diverted through point(s) of diversion described above: 72-7573 and 72-7414.
6. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 170
7. Place of use does not include federal public lands.
8. Rights 72-7414 and 72-7573 when combined shall not exceed a total diversion rate of 2.61 cfs and total annual maximum diversion volume of 803.6 af.
9. Rights 72-7193, 72-7257, 72-7414, and 72-7573 when combined shall not exceed a total annual maximum diversion volume of 3108.0 af.

Witness my hand this 10th day of May, 2011.
