**RE: WATER SUPPLY BANK LEASE APPLICATION(S)
WATER RIGHT NO(S). 33-2081A**

Dear Applicant:

On July 10, 2006, the Idaho Department of Water Resources (Department) received your application to lease a portion of water right no. 33-2081A to the Water Supply Bank (Bank) for an indefinite period. I spoke with your attorney, Rob Harris, several times about this application throughout January and February of this year. As you know, 33-2081A overlaps with water right 33-7012. On December 30, 2010, I sent you a letter informing you that the lease application for 33-7012 had been denied because of evidence of more than five years of non-use. At that time, 33-2081A was still eligible for acceptance into the Bank, but we needed a signed statement from you, the right holders, stating you would not use the corresponding acres under right 33-7012.

On February 21, 2011, I received an email from Rob Harris with a map and an explanation of the acres to be leased. At that time, he asked me if I needed an amended application. On April 18, 2011, I asked Mr. Harris for an amended application and restated the need for a signed statement regarding use under 33-7012. As of this date, I have not received the needed documentation and I am returning your application.

If you would still like to offer this right for lease to the Bank, please submit a new lease application. Application forms and information about the Water Supply Bank are available from the Department's web site at: www.idwr.idaho.gov. Please contact me at (208) 287-4907 if you have any questions.

Sincerely,

Monica Van Bussum
