RE: Water Supply Bank Lease for 35-7246C and 35-8864
Water Right Nos.: 35-7246C, 35-8864, 35-14001, 35-14002, 35-14003 and 35-14004

Dear Lessor:

This letter is to update you on the status of your water rights, 35-8864 and 35-7246C, for irrigation in Bingham County. Portions of these water rights were leased into the Water Supply Bank beginning May 7, 2009. Transfer 76265 was approved in March 2010, resulting in split of each water right into two parts. 35-8864 split into 35-14001 and 35-14002. 35-7246C split into 35-14003 and 35-14004. You retained ownership of all parts. However, we are unable to determine what should now be leased to the Bank. Without this information, we will be unable to rent these water rights.

Please contact me at (208) 287-4907 or send a written description of what should be leased to the Bank. If you like, you can use our lease application forms, available on our website, to describe the lands to be leased.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
