RE: APPLICATION TO LEASE A PORTION OF WATER RIGHT NO. 36-7026 TO THE WATER SUPPLY BANK

Dear Lessor:

The Department of Water Resources ("Department") has completed its review of your application to lease the above-mentioned water right number to the Water Supply Bank ("Bank"). The offered water right is accepted into the Bank in accordance with the attached Water Supply Bank Lease Acceptance. If you do not agree with the conditions of the Lease Acceptance and would like to withdraw your water right from the Bank, you must contact the Department within thirty (30) days of receipt of this notification.

The right will automatically be released from the bank on **December 31, 2013**, unless the right are released earlier by the Board, or upon request by the lessor. To change the term of the lease or to release the right from the Bank, you must submit a request in writing to the Department prior to the release date.

Additionally, in your lease application, you offered 38 acres of irrigation to the Bank. In consultation with the watermaster, we determined 24.1 acres were accepted into the Magic Valley Groundwater District mitigation plan between 2004 and 2006. Additionally, watermaster records indicate 267 acres of the 291 acres authorized under the water right have consistently been irrigated, leaving 24 acres available for lease to the Bank. Therefore, we have accepted those 24.1 acres that were protected under the mitigation plan into the Bank. If you wish to offer more acres to the Bank, please reapply and include a map showing all the acres to be leased.

Please review the conditions of acceptance listed on the Lease Acceptance and contact me if you have any questions at (208) 287-4907.

Sincerely,

A handwritten signature in cursive script that reads "Monica Van Bussum".

Monica Van Bussum
Sr. Water Resource Agent
