RE: Boundary of Water Right 63-372
Boise-Kuna Irrigation District & New York Irrigation District

Dear Lauren:

I am replying in response to the 05-04-2011 letter you sent to our department requesting a boundary change for Right 63-372. The letter and the attached map identified some land in the north-half of SESW, Section 24, T02N, R01W that should be included within the Boise Kuna Irrigation District (Boise-Kuna) boundary.

I researched our database and found irrigation Rights 63-372 and 63-26671 with Boise-Kuna as a current owner. These rights have slightly different authorized place of use boundaries due to the joint ownership of Right 63-372 with New York Irrigation District.

I reviewed the current geographic information system (GIS) shape representations of the boundaries associated with these rights as determined by the Snake River Basin Adjudication (SRBA). Right 63-372 already includes all of Section 24, T02N, R01W as currently described. The portion of Section 24 described on the map you sent is also currently identified as part of the GIS shape representation for Right 63-26671. This right does exclude a portion of the south-half of the SESW, Section 24.

It appears that the boundaries and representative GIS shapes issued with the SRBA Partial Decrees for Rights 63-372 and 63-26671 include the land you identified, and no change is necessary. If you require additional information regarding this matter, please call me directly at (208) 287-4951, e-mail me at pam.skaggs@idwr.idaho.gov or contact me by mail, and I will be happy to assist you.

Sincerely,

Pamela S. Skaggs
Water Rights Supervisor
