FROM: Daniel A. Nelson

DATE: May 2, 2010

SUBJECT: Black Canyon Partners LLC Water Supply Bank Rental Application

SUMMARY

Tony Loucks and Tom Blessinger filed a water bank lease for the above water rights on July 27, 2007. According to the Idaho Secretary of State business records website, Mr. Loucks and Mr. Blessinger are no longer associated with Black Canyon Partners LLC. The only person associated with Black Canyon Partners at this time is Harry L. Bettis. The applications for these water rights were incomplete, and did not have a term that the applicant's wish to have these water rights enrolled in the water bank. I contacted Mr. Bettis on March 29th, 2011 to request that he supply the information needed to complete these applications. I received no return correspondence from Mr. Bettis, therefore, I recommend that these applications be returned without further processing.
