RE: Permit No. 37-21719

Dear Permit Holder(s):

Enclosed is a copy of the approved Request for Extension of Time ("request") you submitted to the department in connection with the above referenced permit, which extends the time to submit proof of beneficial use to **June 01, 2016**.

Please note that the department granted this extension based on evidence of good cause. It is important that you work diligently toward the completion of this project during the construction period allowed because the department **will not** grant an additional extension based on good cause, according to Section 42-204(5), Idaho Code.

Your request for extension of time based on litigation and water delivery calls as cited in your letter of 4/29/11 is not a valid reason for an extension in this case. The delivery call notices sent by IDWR referenced in your letter was just a warning notice. Potential curtailment of water rights resulting from a water delivery call is not justification for providing an extension of time in which to submit proof of beneficial use. Furthermore, unless the title of the water was brought into question, the department is unable to approve additional time for litigation.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the department if you have questions.

Sincerely,

Darla Block
