Dear Monica P. Van Ruisum

After my conversation with Pam Skaggs today I am re-submitting my paper work for water rights # 61-11985 and # 61-11987 to the water bank. In this package I have made copies of my previous applications form (2006 to the year 2008) and an application from (2008 to the year 2010.) With that I have sent a copy of lease when my water was rented out by the bank in the year 2006. Beginning in 2004 I have submitted my water rights every two years. Pam had mentioned that you were missing documentation for 2006 to the year 2008.

I would like to submit my water rights to the water bank April 21, 2011 for the maximum time of five years. Thank you for your time.

Sincerely

Jay D. Barnett

Idaho Department of Water Resources ("department") records show that the above referenced water right(s) has been leased through December 31, 2006 to the Water Supply Bank ("bank"). This letter is notice that the right will be considered released from the bank unless you advise the department, within thirty (30) days of the date of this letter that you want to extend the period of the lease. If this request is not received within thirty (30) days, the right(s) will be considered released from the bank as of **December 31, 2006**.

Please consider that the five (5) year period of nonuse related to forfeiture of a water right shall begin to accrue upon release of the right from the bank or shall continue to accrue if a period of nonuse occurred prior to the lease date of the right to the bank.

If you would like the right(s) to remain leased to the bank, please specify below the year to which you want the lease extended. All leases expire on December 31st of each year, unless otherwise specified in lease agreement. Please sign, date and return this form within thirty (30) days. The right(s) will then remain in the bank for the specified period unless released earlier by the Water Resource Board or until the lessor submits a request to the department in writing to release the right(s) from the bank. If you have any questions call (208) 287-4954.

Water Right Report 61-11987

4. X27 This right is limited to the irrigation of 1.3 acres within the place of use described above in a single irrigation season.
5. X35 Rights 61-11985 and 61-11987 when combined shall not exceed a total diversion rate of 0.10 cfs, a total annual maximum diversion volume of 31.8 af at the field headgate, and the irrigation of 8.4 acres.
6. T07 The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
7. Right 61-11985 retains its priority date of April 23, 1964 and right 61-11987 retains its priority date of March 15, 1977 relative to actions to distribute water that relates to management of the Mountain Home Ground Water Management Area overall. Diversion and use of water is subordinate to all rights to use ground water existing within the immediate area of the point of diversion on the date of this approval. Any water management dispute relative to increased draw downs of the water table or depletion of ground water resulting from this approval is presumed to be within the immediate area, resulting in a subordination of the water right.
8. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
9. Right 61-11987 is an enlargement of Right 61-11985 pursuant to Section 42-1426, Idaho Code.
10. Prior to diversion and use of water under this transfer approval, the right holder shall install and maintain acceptable measuring device(s) at the authorized point(s) of diversion, in accordance with Department specifications and shall report the amount of water diverted to the Department at the end of each calendar year.
