To Whom It May Concern:

I would like to petition for reconsideration for license 45-7683 for the following reasons:

1. There should more flow on the license. I have put a large pump in the well to irrigate 14 acres.
2. There should be more acres on the license. There should be 14 acres.
3. The Marsh Creek water is only on for a very short amount of time, something like four days to a week and I depend on the well to irrigate my property and stock.
