WATER RIGHT NO. 36-16299
CONDITIONS OF APPROVAL

1. Domestic use is for the Valley School District # 262 facility and does not include lawn, garden, landscape, or other types of irrigation.
2. Irrigation water for lawns, gardens, landscaping, or common areas at the Valley School District No. 262 facilities is currently provided by appurtenant Right 36-15190 and/or appurtenant surface water represented by shares in the North Side Canal Company (stock shares certificate nos. 24141, 22912, 22913 and 23035, issued on May 12, 2003, May 17, 1999, May 17, 1999, and August 5, 1999).
3. Rights 36-15190 and 36-16299 when combined shall not exceed a total diversion rate of 1.52 cfs and a total annual maximum diversion volume 11.4 af at the field headgate.
4. Right 36-15190 is also diverted through the points of diversion described above.
5. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
6. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.
7. Water shall not be diverted for fire protection use under this right except to fight or repel an existing fire.
8. The right holder shall install and maintain acceptable measuring devices at the authorized points of diversion, in accordance with Department specifications.
9. Noncompliance with any condition of this right, including the requirement for mitigation, is cause for the director to issue a notice of violation, cancel or revoke the right, or, if the right is included in a water district, request that the watermaster curtail diversion and use of water.
10. Every year that water is diverted under this right, the right holder shall (1) participate in a mitigation plan, approved by the director, and administered by a ground water district or other recognized organization, or (2) provide individual mitigation approved by the director.
11. Upon specific notification of the Department, the right holder shall install and maintain data loggers to record water usage information at the authorized points of diversion in accordance with Department specifications.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

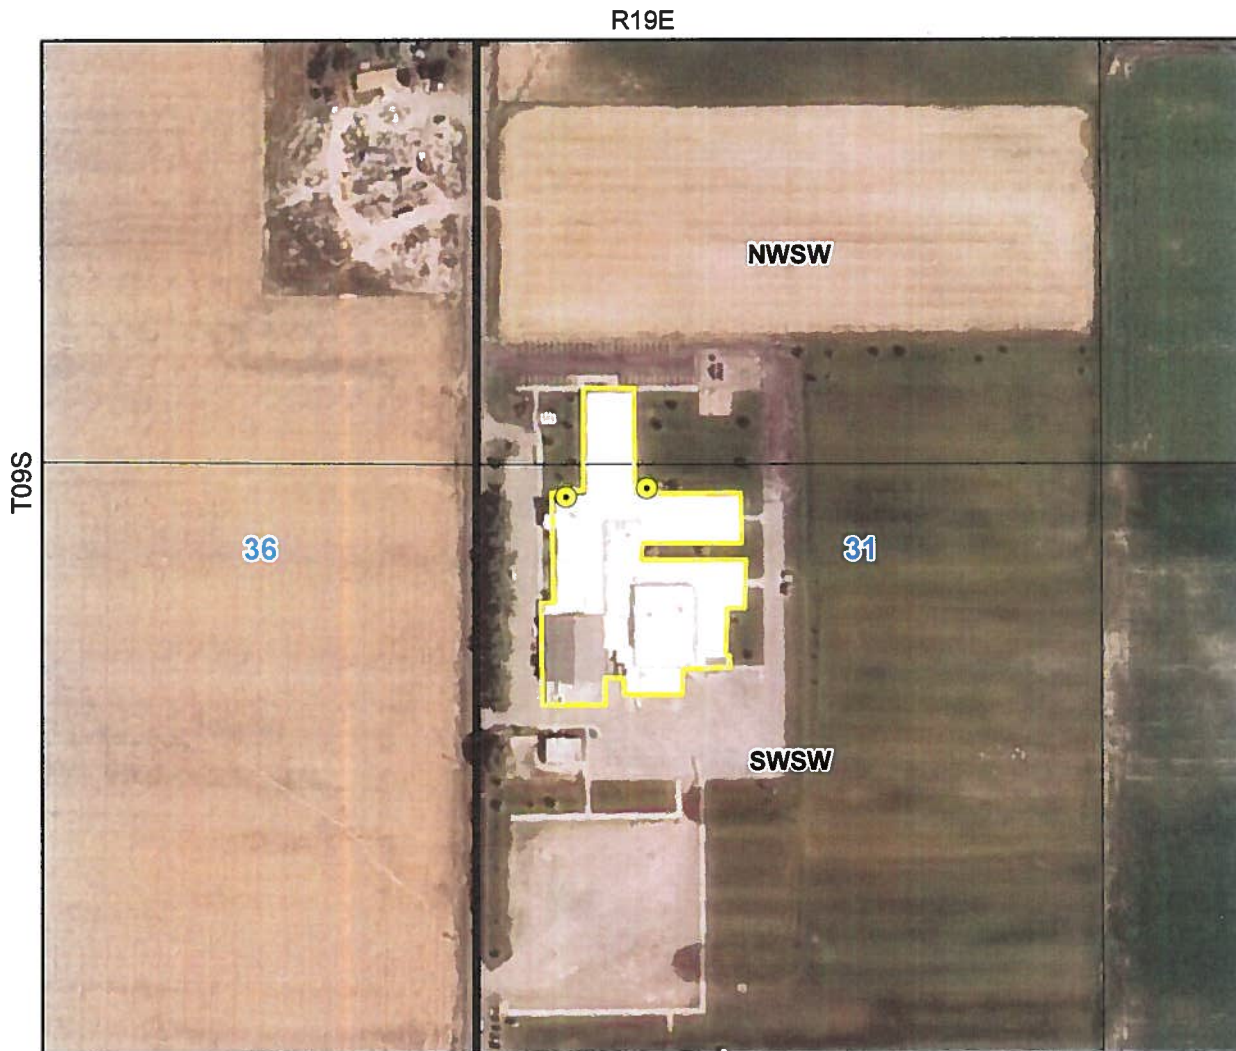

Signed and sealed this 25th day of April, 2011.
