Re: Permit No. 65-22995 Proof Acknowledgment Letter

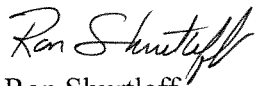

Dear Ms. Block,

On February 24, 2011 you sent a letter to Ms. Amy English explaining that your review of Permit No. 65-22995 disclosed condition no. 6 requiring a lockable device, subject to approval of the Department of Water Resources, to provide the watermaster with suitable control of the diversion. You stated that if Ms. English thought the condition was unnecessary, she might request the Department to issue a waiver to the requirement. You also asked Ms. English to seek my agreement to such a waiver, serving as Watermaster of Basin No. 65.

I wish to report that Ms. English did invite me for an onsite inspection at the point of diversion to determine if I would agree to a waiver of the condition. I have determined that I would indeed agree to a waiver of condition no. 6 which requires installation of a suitable locking device, as the condition is not appropriate for a diversion of this particular nature.

If you need any further information please do not hesitate to contact me at 208-642-4465.

Sincerely,

Ron Shurtleff
Watermaster, Basin No. 65
