RE: Application for Transfer No. 76280 and companion Application for Permit No. 37-22594 (Cottonwood Creek Homeowners Association)

Dear Mr. Lakey:

We need your Watermaster Recommendations for the above referenced applications within your District.

These applications have been scanned and should be visible from our website. Please find attached the Department Sufficiency Memorandums for your information and reference.

Due to the recent state department budget concerns, it seems appropriate to suggest that you review these applications via our website at the following address:

www.idwr.idaho.gov/apps/ExtSearch/WRFiling.asp

Section 42-222 of the IDAHO CODE requires that the watermaster must be advised of proposed changes in water rights in the water district and must notify the Department of his recommendation on the application.

Please respond within 21 days of the date of this letter. Regional review of un-protested application can be completed as soon as the final protest period is past; your prompt response to this request is appreciated so that your recommendation can be considered during regional review.

If after 21 days from the date of this letter the department has not received your written recommendation, the department will presume you do not oppose approval of the application and you have no comments for the department to consider.

If you have any questions about an application, please contact this office or the applicant.

Very truly yours,

Mary A. Baldwin
Administrative Assistant
