SOUTHERN REGION

RE: Cottonwood Creek Homeowners Association- Permit Application
Submittal and Submittal of Amended Transfer of Water Rights Application.

Dear Jeff,

Attached is a re-submittal of the amended transfer of water rights application which was received by IDWR on 6/10/2010 in the name of the Cottonwood Creek Homeowners Association c/o: Robin Taylor for water rights 37-577CG and 37-657E. The water right transfer application seeks to create a 107.5 acre permissible place of use around the subdivision and to correctly identify a point of diversion located at the head of the Osborn Ditch. The transfer application also converts a portion of each water right (dries up 1.5 acres of both water rights) to account for the uses listed on the attached permit application. Also included is a permit for storage of the irrigation management pond system on the property.

Although the total volume of the lined irrigation management pond system in place on the subdivision (approximately 5 acre-feet, as estimated by Brockway Engineering PLLC) is greater than the 24 hour volume authorized to be stored for irrigation management purposes (2.9 acre-feet), the attached permit seeks to authorize year round storage of the total volume of the pond system. The applicant intends to divert irrigation water into the pond system and pump water from the ponds into the pressurized irrigation system while reducing the irrigated acreage associated with water rights 37-577CG and 37-657E by the surface area of the pond system (1.5 acres) to mitigate for any open water surface evaporation from the pond system. The applicant does not intend to divert Big Wood River water into the ponds during the non-irrigation season.

Also attached is a check from Brockway Engineering PLLC for \$290.00 to cover the cost of the water right permit application. Please copy our office on all correspondence regarding the attached water right transfer and permit applications. Don't hesitate to call our office should you have any further questions or comments. Thanks for your time and assistance on this matter.
