RE: Water Right Permit No. 32-07242

Dear Permit Holder(s):

The Department of Water Resources previously sent you an application for amendment for the licensing purposes for permit 32-7242. The Department mistakenly listed the maximum diversion volume on the amendment. The correct maximum diversion volume should be 1.8 af, not the volume of 4.8 af that was listed. The volume of 4.8 af is for year-round use; however, the season of use authorized under this permit was 6/15-10/30 or 138 days. Unfortunately, the Department needs to apprehend a new amendment form that correctly lists all aspects on the permit.

By signing and returning the enclosed Application for Amendment form, the Department will assume that you agree with our findings and wish to withdrawal the amendment forms that you had originally signed. The amendment fee has already been paid and no additional fee is due.

If you have any questions, please call me at (208) 287-4944.

Sincerely,
