

MEMORANDUM

Date: April 22, 2011
To: Water Right File 45-4084 & 45-4236
From: Pam Skaggs 
Re: Specific 57 Acre POU

Transfer 76333 approved 05-25-2010 included a condition requiring the applicant to provide a description of the specific 57 acre irrigation place of use (POU) within 1350.6 acre permissible place of use (PPU) for Rights 45-4084 & 45-4236. No map or documentation has been provided. The right holder is currently seeking a Water Supply Bank (WSB) rental for 300 acres in conjunction with these rights for a specific 357 acre POU.

I contacted Paul Arrington, the right holder's attorney, by telephone today and requested that the specific location of the 57 acres be identified as required by the condition of approval of Transfer 76333. He will contact his client and submit the necessary documentation for the water right record. The 57 acres will be some portion of the 357 acres identified in his WSB rental application.
