RE: Transfer Application for water rights 33-2051B, 33-7013 and 33-7026

Dear Mr. Callister,

Enclosed is the transfer application for the ground water right we discussed earlier. The following list shows the parts of the application that needs to be completed; items are marked with orange circles.

Line Item 1A.2 – Review the proposal narrative I wrote and add anything you deem necessary.

Line Item 1B.5a - Describe the diversion system.

Line Item 1B.5c – Indicate if there are any liens, mortgages or etc.

Please review the application and map to be certain everything is correct and then sign the application. If there are any changes required, please make the changes and initial them. The fee for this transfer will be \$410, which will need to accompany the application when returned. Water right 33-2051B was not included in the change of ownership recently processed but can be accomplished with the transfer with no additional fee. If you have any questions, please don't hesitate to call.

Sincerely,

Denise Kidman
Water Resource Agent
