Re: Water Right Nos. 63-31733 through 63-31736

Dear Ray:

You called and requested information about the above referenced water rights on April 18, 2011. The following information was requested:

- GPS notes from Gene Gibson's field visit to the site
- Telephone conference notes from April and/or May 2004.

These rights are split portions of original right 63-4631B. I located Gibson's 2003 field exam notes for 63-4631B in the department files, copy attached. There are no 2004 telephone conference notes in the department water right files.

I am mailing this to you because telephone calls were not successful.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.

Steve Lester
Water Rights Supervisor
