PROOF DUE NOTICE

RE: Permit No. 29-8162

IMPORTANT: A response from you is required regarding the referenced water right permit. If no response is received from you, the Department will issue a lapse notice and the permit will not be valid for use of water.

Dear Mr. and Mrs. Lyon:

The Idaho Department of Water Resources (department) is issuing an approval document for Permit No. 29-8162 (permit) for your reference. The enclosed approval document for your permit reflects the conclusions made in the Final Order that was issued on January 13, 2009.

One condition of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 2011. The department is required to give you notice that proof of completion is due sixty days prior to the due date. Since the department failed to give you notice before the due date, this letter provides until May 1, 2011 to submit proof or a request for extension of time.

If you completed your project prior to February 1, 2011 and can provide evidence of the extent of beneficial use of water, use the enclosed form which, when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner, will complete your submittal of the required proof.

If you did not fully complete your project by February 1, 2011, you may request an extension of time if the delay was for reasonable cause as provided in Section 42-204, Idaho Code. If you were delayed by a federal agency or by litigation that would bring title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. An extension request must be accompanied by a $50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney. Please contact the department for more information if you think you may qualify for an extension.

In order to maintain your November 20, 1995 priority date for this permit, either an acceptable proof or an acceptable extension request must be received by this department on or before **May 1, 2011**. If neither is received, the department will send you a lapse notice and the permit will no longer be of any force nor effect.

Please contact me if you have any questions regarding this matter at (208) 287-4944.

Sincerely,

Cherie Padilla
