Dear Mr. Breshears,

I located the letter you referenced in our phone conversation. The reason I was unable to locate the letter was because it is located under all the other water right numbers listed on your Notice of Change in Water Right Ownership. More specifically, the files that are located here at the State Office are water right nos. 74-909, 74-934, 74-2017, 74-2039, 74-2290, 74-7255, and 74-15668.

Please forward the warranty deed you mentioned to the state office to my attention, in order for me to process the Notice of Change in Water Right Ownership you submitted on January 21, 2011, for the water rights listed above.

The file that is located in the Eastern Regional office is water right no. 74-15894. In order to change ownership of Water Application No. 74-15894, you will need to forward a completed Assignment of Application for Permit form filled out by the previous owners to the Eastern Regional Office of the Department.

I hope this clears things up.

Sincerely,
Darla Block
