Subject: 37-8388 POU clarification needed

Mr. Brockway,

I've been able to devote some time to reviewing the field exam and file contents for 37-8388. I've found that I need clarification on the places-of-use.

The places-of-use authorized by the original permit were a portion of Homestead Entry Survey (H.E.S.) #389. The IDWRs database expects PLSS addressing, so a virtual PLSS grid was overlaid on top of H.E.S. 389. The permit places-of-use were described with the following PLSS addresses: Twp 4N, Rge 17E, Sec 31 NWNW and Twp 4N, Rge 16E, Sec 36, SENE.

Figure 1 of your field exam is a map/aerial photo showing two places-of-use in Twp 4N, Rge 16E, sec 36, NENE. Although this is not within the authorized PLSS address, those two place-of-use shapes appear to be residences and are within H.E.S. #389.

However, in your field exam narrative you describe another heating use (snow melting) and a recreation use but do not show places-of-use for them on your map.

I expect that all of the uses you found are within H.E.S. #389 and that a licensing amendment for the POU may not be needed. However, I need additional confirmation.

Please provide me a revised map/aerial photo and/or ArcMap shape files which show those other places-of-use.

I will proceed with my review and I will keep this file close at hand.

Sincerely,

Michele Edl
