

3/8/11 City of Boise Geothermal Permits
63-9138 + 63-9139

Bob Maynard - city	Gerrit Baxter IDWR
Kent Johnson "	Jack Peppersch IDWR
John Tensen "	Bruce Smith
Ken Nealey IDWR	Harriet Hensley AG Lands/Adm
Charlie Hensinger - Tertling	Jack Johnson BWSLD
^{Edwards} Dana - not present (city will follow up)	Bob Sutter "
	Doug Lindley "

1st annual mtg - 2nd Strip Agreement

196 mg/yr to 236 mg/yr
(ave)

Ken Nealey summarized annual report
- system is healthy + behaving well
- no concerns based on present data

Bob Sutter - corrections to 08/09 report
2010 ok

IDWR decision due May 8
other can submit follow up letter
or IDWR can ask for more info.

Bruce Smalls asked for summary from city regarding anticipated development

BSU 20mg b1 early 2012
special rate - intermptible customer
up to 33 mg/yr in future

Smaller customer - Whole Foods
Medical Office
beyond 2 yrs - convention center
- downtown hotel
- JUMP

city believes maximum and agreement
criteria are met - no depletion or
impact to aquifer,
water levels or temp

Charlie - commendable approach
- stepped increases
- monitoring

- IDWR should be aware 20% increase over current production
- how long can city continue to develop this permit?

Gannick - question to other parties - any concerns

Charlie and Hammit - may be
follow my letters after consult
with clients

Bob Maynard - method to update contacts,
copy to all parties and IDWR
- may amend agreement
