RE: Water Supply Bank Lease for 63-15634

Dear Lessor:

This letter is to update you on the status of your water right, 63-15634, for irrigation of 675 acres in Ada County. Transfer 77066, which included the above-mentioned water right, has been approved by the Department. This transfer does not change the status of your water right in the Water Supply Bank. **Your water right is considered leased into the bank, and should remain unused, until you release it from the bank.**

If you wish to leave your water right leased to the bank, and unused, you do not need to do anything. To release your water right from the bank, the release form is available under the Forms section of our website, www.idwr.idaho.gov.

Again, your water right is considered leased to the bank, and should remain unused, until you release it. Please contact me at (208) 287-4907 if you have any further questions.

Sincerely,

for

Monica Van Bussum
Sr. Water Resource Agent
