DEPARTMENT OF
WATER RESOURCES

Good afternoon, Nick,

I'm attaching a copy and sending an original and a copy of the Affidavit of Publication on the Mission Creek Transfer for your file, along with a COPY of the Bill from Bonners Ferry Herald. I have sent the original Bill marked OK to pay, and copy of the Affidavit to whoever in fiscal will be paying the bill.

I've profiled these and I didn't use the original of the affidavit and I probably should have done so. (I forgot to ask the machine to scan in color.) If you want to delete the one I scanned and re-profile that, perhaps Pam or someone can do that – I don't remember how to make a deletion and replacement in DOCs. I was rushed to get it done and didn't think about which copy I scanned. Sometimes the original affidavits with the tear sheets from the newspaper don't go through the scanner very well and I didn't think about just putting it separately on the glass so ran it through. I was also working with a customer and trying to rush. (also new machine – didn't scan same as old one – which generally automatically scanned in color. Sorry.

That should take care of this matter.

If you have any questions, or need anything else from me, please let me know.
