Dear Sharla,

We spoke yesterday concerning the water right transfer of right 74-1562 and the water right exchange of right 74-1574 and 74-1576. Our funding agency, Bonneville Power Administration, has requested that we have on file a request for an extension of time to complete these transfers and exchanges. Please find the enclosed forms asking for an extension of time to complete the process. Our target date to complete the installation for both projects is May 31, 2011. I was hoping that an extension of time to June 15, 2011 might be a reasonable date to work toward.

Thank you for your time.

Sincerely,
