

## MEMORANDUM

**Date:** April 08, 2011  
**To:** Water Right File 45-7479  
**From:** csaxton  
**Re:** Overlap

---

Rights 45-524 was split into 45-0524A & 45-0524B and right 45-242 was split into 45-0242A & 45-0242B BY TRANS. 2511.

The resulting 4 water rights cover land that is now subdivided and held by various owners. No one has claimed any portion of any 4 of these rights in the SRBA. In addition, no portion of 45-239 was claimed either and it covers land in the NENE and the SWNE section 7, T12S, R25E.

45-277 has a priority date Sr. to the above referenced rights. 45-277 was split and claimed in 6 parts (A thru F) in the SRBA.

It does not appear to be a mistake that overlapping rights 45-239, 45-242B, and 45-524B were not claimed. It could be that the priority dates for these unclaimed rights are Jr. enough on that drainage that they do not get the water anyway.
