Re: Roth Investments LLC Irrigation Transfer Amendment

Dear Mr. Walker,

Roth Investments LLC desires to amend the irrigation transfer of water rights 36-7349 and 36-15222. This amendment is to update the previously submitted application in light of water right 36-15222 being an enlargement right and therefore cannot contribute to the diversion of stock and commercial water. Adjustments have been made to the applications Part 1 Continued, Part 2B for 36-7349 and Part 2B for 36-15222. After the transfer the combined diversion limit will be 2.63 CFS with 905.4 AFA and an irrigable acre limit of 220 acres.

The beneficial use, period of use and POD will remain the same for 36-7349 and 36-15222.

Please copy our office on all correspondence regarding these water right transfers. Thank you for your assistance and clarification on this matter and if you have questions or comments, please don't hesitate to call.

Sincerely,

Greg Sullivan M.S., E.I.T.

Cc: Mike Roth
