Re: Roth Investments LLC Irrigation Transfer

Dear Mr. Merritt,

Roth Investments LLC desires to update the place of use defined for water rights 36-7349 and 36-15222. This transfer application is being submitted simultaneously with a stock and commercial water transfer application in which portions of 36-7349 and 36-15222 are being converted to stock and commercial water. The intent of this transfer is to correctly define the shape file and POU after the stock and commercial portions have been split from the original rights.

The beneficial use, period of use and POD will remain the same for 36-7349 and 36-15222.

Please copy our office on all correspondence regarding these water right transfers. Thank you for your assistance and clarification on this matter and if you have questions or comments, please don't hesitate to call.

Sincerely,

Greg Sullivan M.S., E.I.T.
