Hi Larry,

This looks fine to me.

Scott,

Am I okay to proceed with rental processing? Thanks!

Monica,
Here are the revised shape files showing Section 19 SENW as 10.6 acres.
I will call you to discuss the other minor discrepancies, and get them sorted out if need be.

Hi Scott,

I was able to generate the acres from the shape provided by Larry Jones. There are a couple of discrepancies between the shape and what I think will be the approval acres. The shape showed 70.1 acres but the rental is only for 57 acres.

I've attached a spreadsheet showing the acres on the application (the unknown is why I emailed you) and then a column titled Bank acceptance is what I think you and your clients are requesting from the Bank. A third column shows the acres in the shape for that 40-acre tract. And a fourth column shows where we have some discrepancies between what I am planning on approving. The one to really take note of is Section 19 SENW where the shape provided by Larry showed 23.5 acres and the application was only for 10.6 acres.

This is provided so you can take a look at it and what I propose to put on the rental approvals. I'd like for your okay before I write the final approvals.

Please call if you have questions.

Monica
